

12.8V 150Ah PLATINUM Series Battery

Our most premium battery introduces a full range of features such as, our Tough Premium Casing, Serial Communication and Monitoring, Temperature Protection, Waterproofing and the additional options of Bluetooth, LCD Monitoring Screen, and Internal Heating Pads. This battery is a perfect fit for anyone looking for the best of the best.

Electrical Properties

12.8V 150Ah 1920Wh

Cycle Life

6000 Cycles at 0.2C to 80% DoD

Dimensions

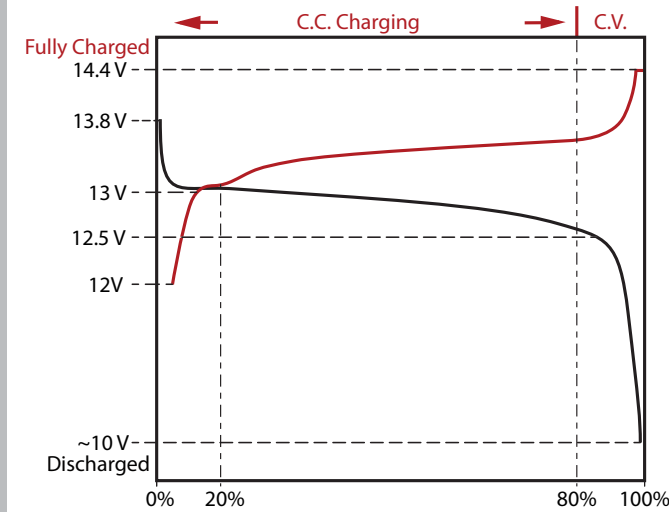

L 309 × W 246 × H 218mm
12.17 x 9.68 x 8.60"
21kg (46.21lb)

Discharge

Optimal Current 50A (0.33C)
Max Cont. Current 175A (1.17C)
Max Inst. Current 600A (4C)

Charge

Optimal Current 50A (0.33C)
Max Cont. Current 100A (0.67C)

BMS Properties

Parallel/ Series Enabled, Monitoring, Heating Control, Adjustable Parameters

Terminal Connections

200A M8 Brass Screw Terminal

Communication & Monitoring

Rugged Case

Waterproof

Low Temperature Protection

PLATINUM SERIES

What is PLATINUM Series?

This is our premium battery line, it is best of everything we have to offer! Push the boundary of possibility and create your system with a wide range of options, suitable for any environment or application. Our truly Canadian Aluminum battery construction makes customization a snap. Battery Heating, Environment Protection, Flexible Mounting, Communication, Monitoring and adjustable BMS options are available.
